“After Alexander the Great conquered the world by the age of thirty three, he was asked by the historians who traveled with him to tell them the secret of accomplishing so much by such a young age. He is said to have responded that the secret lay in three words: Do it now. What has God called you to do? What has He placed on your heart to accomplish in serving Him? What has He gifted you to do for His glory? Procrastination is what the enemy will use to hinder you from doing it. He won’t say it’s not worth it. He’ll just tell you to do it later.”
